

Shreveport Geological Society Workshop
“US and Global Oil & Gas Issues and Outlooks”
Friday, April 9, 2010

Workshop Leader: Dr. Michelle Michot Foss – Chief Energy Economist and Head, Center for Energy Economics, Bureau of Economic Geology, The University of Texas at Austin

Description: The workshop will focus on key trends impacting the US and global oil and gas industries and decision variables critical to upstream investment. Topics will include US policies and regulatory risks and uncertainties affecting access, environment, taxes, commodity trading and other influences on key oil and gas plays as well as dynamics influencing oil and natural gas prices. Discussion will center on how explorationists and operators can best understand, evaluate, and make decisions in light of the above ground risks.
